

Statement From GRAMMY Museum® at L.A. LIVE in Response to HB 1523

"As a cultural and educational destination that, for more than seven years, has worked tirelessly to bridge the gap between individuals of all backgrounds through music, the GRAMMY Museum is deeply troubled by the news of the recent passing of Mississippi's HB 1523. While we hope Governor Phil Bryant and the Mississippi state legislature will hear the concerns of the people of Mississippi, and all across the nation, and repeal this bill, the Museum will continue to ensure all visitors and music fans feel welcome through programming, workshops, and exhibits that convey music as the universal language — non-discriminatory and all-inclusive."
